**Jupiter in the 10th House**

From 11 Mar 20

Jupiter is the planet known for generosity, expansiveness and joie de vivre. Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. Your career and public life are highlighted as the expansive planet Jupiter moves through the 10th House of your Chart. During this time you are likely to seek greater satisfaction from your chosen career. As a result you may seek and gain promotion, travel with your work, change jobs, or have the opportunity for further study to enhance your career. It is also possible that you take on a teaching or training role during this time. On the whole you seek more meaning and purpose. As US self-help speaker Earl Nightingale said: "We are at our very best, and we are happiest, when we are fully engaged in work we enjoy on the journey toward the goal we've established for ourselves. It gives meaning to our time off and comfort to our sleep. It makes everything else in life so wonderful, so worthwhile."

**Saturn in the 7th House**

From 11 Mar 20

"The planet Saturn rules all that is durable, long-lasting, hardened and able to be structured like lead or concrete; industries like building or agriculture and businesses that have long range goals, are traditional and well-established." So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and restructure any area that it influences in your Birth Chart. You are required to seriously assess the value of the life areas influenced by this serious planet. When Saturn moves into the 7th House of your Birth Chart your relationship with your partner demands attention. It is possible that your partner's life changes in ways that demand you bear greater responsibilities within the partnership. You may reassess your priorities in both business and personal partnerships. This could result in a greater commitment to your partner, or it could be that you decide to end a serious relationship or close a business contract. Marriages and divorces can both occur during this time. If you are not already in a serious relationship, then you may meet someone who has a significant influence on your life.

Uranus in the 11th House

From 11 Mar 20

Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. As Uranus moves into the 11th House of your Birth Chart you surround yourself with unusual and eccentric friends, and feel the urge to socialise as you have never done so before. This could mean joining groups, particularly groups which have a cause or it could simply be meeting new friends.

Uranus Trine Uranus

From 11 Mar 20 To 29 Mar 20 03:47

Life can take a sudden and unexpected twist in which you are challenged to let go of your normal support structures and face new horizons. While the new possibilities hold a certain amount of excitement, you may be disturbed by the rapid change of circumstances. However it is not time to tread the more comfortable road. You benefit more by embracing change.

Uranus Sextile Chiron

From 11 Mar 20

Times are changing and it is difficult to adjust. This could be literally a sudden change of events, or it could be that you have unexpectedly realised that a chain of events has led to changes deep within yourself. Perhaps you are being asked to let go in certain areas in your life or possibly you are being challenged to let go of old patterns of behaviour. Either way there is no going back. Success comes in embracing change, going with the flow and accepting that change can be positive.

Neptune in the 6th House
The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune travels through your 6th House you need to take care of your health, taking particular care with drugs of any description. The trouble is that your body is overly-sensitive during this time. You may even develop or discover allergies. You may also feel somewhat lethargic, overwhelmed by the demands of a busy life. A good balance of rest, exercise and a healthy diet goes a long way towards helping you cope with the stress of a busy schedule. You may also benefit from seeking advice from alternative healers, or perhaps even exploring options for working as a healer or in a spiritual field.

**Neptune Square Pluto**

From 11 Mar 20 To 23 Mar 20 05:02

This transit usually occurs around the age of 70 years and is a period of adjustment. It is time to come to terms with your past, in particular your dreams. You reflect on your life's achievements with the wisdom of hindsight letting go of dreams that can no longer be fulfilled. You may hold on to a few personal desires which can still be attained; however, it is likely that you change your focus to a more spiritual path. It is possible that you could feel disillusioned during this transit. You would do better to focus on to the positive memories and the goals that have been achieved rather than dwell on painful memories.

**Pluto in the 4th House**

From 11 Mar 20

Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Caf Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." Currently you may feel that the foundations of your life - family and home - are changing and it is difficult to find a firm foothold. In effect the foundations of your life, which you believed to be sure, are cracking. This can be exciting if you enjoy the challenge of change, but most often it is a time which leaves you feeling vulnerable. The areas most affected by this transit are your home and
family members. It is a time of intensity and upheaval on the homefront. Family members may leave home or come to stay disrupting the comfortable routine. It is also possible that you change homes during this transit. Whatever the circumstances you are being asked to delve into your personal life with a view to changing at a deep level. You will not feel like the same person by the end of this period.

**Pluto Semisquare Pluto**

From 11 Mar 20

It's time to change your attitude to spiritual matters. Perhaps you change your beliefs, discarding old ones when new insights are made. It is also possible that you are required to make changes in your life as the result of the birth or death of a loved one.

**Pluto Quincunx Chiron**

From 11 Mar 20

It's time to let go of memories and emotions from the past, which may still be lingering on your mind, and to face the future with the wisdom of maturity.
