Caution is advised today for many reasons but mostly because you may not be striking the right balance between self expression and your drive to get ahead. Take care with machinery and star away for dangerous situations and this can be a combative time. If you are not cautious you could alienate the very people who can help you. A little diplomacy and self-restraint although frustrating for you at the moment, can be very helpful. If you are feeling very frustrated by the need to involve other people in your equation, then you may benefit from a physical outlet. Sports, martial arts etc could be helpful.

This a time for pondering options rather than making hard and fast decisions. Your vitality is likely to be a little low right now so you are best advised to take your time
when it comes to making irrevocable moves. You need to let go and trust your intuition. If you can find the time then you could record your dream, jot down any inspirational ideas or perhaps find a creative outlet for self-expression. You may not have clarity right now, but it will come later.

From 18 Dec 20

Jupiter is the planet known for generosity, expansiveness and joie de vivre. Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. As the planet Jupiter moves through the 11th House of friendships and associations, your social circle is likely to expand. You have an ever-widening circle of friends, as your network expands. You are likely to seek associations that hold meaning and purpose and help you further your own hopes, dreams and wishes. As such your friendships need to be mutually beneficial. It is also possible that groups and clubs, particularly humanitarian groups, feature more strongly during this time. Your ability to reach out and form networks with others increases. You become clearer about the purpose of friendship and collegiates. As US businessman Howard Schultz said: "When you're surrounded by people who share a passionate commitment around a common purpose, anything is possible."

**Jupiter Square The Sun**

Caution is advised today for many reasons but mostly because you may not be striking the right balance between self expression and your drive to get ahead. Take care with machinery and stay away for dangerous situations and this can be a combative time. If you are not cautious you could alienate the very people who can help you. A little diplomacy and self-restraint although frustrating for you at the moment, can be very helpful. If you are feeling very frustrated by the need to involve other people in your equation, then you may benefit from a physical outlet. Sports, martial arts etc could be helpful.
Saturn in the 7th House

From 18 Dec 20

"The planet Saturn rules all that is durable, long-lasting, hardened and able to be structured like lead or concrete; industries like building or agriculture and businesses that have long range goals, are traditional and well-established." So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and restructure any area that it influences in your Birth Chart. You are required to seriously assess the value of the life areas influenced by this serious planet. When Saturn moves into the 7th House of your Birth Chart your relationship with your partner demands attention. It is possible that your partner's life changes in ways that demand you bear greater responsibilities within the partnership. You may reassess your priorities in both business and personal partnerships. This could result in a greater commitment to your partner, or it could be that you decide to end a serious relationship or close a business contract. Marriages and divorces can both occur during this time. If you are not already in a serious relationship, then you may meet someone who has a significant influence on your life.

Uranus in the 12th House

From 18 Dec 20

Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful
ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. This is a profound period in your life, although at times you may feel the need to retreat. On the positive side you experience intuitive flashes, initiate or join an unusual institution and expand your philanthropic interests. It is also possible that you probe the human psyche in an unusual fashion.

Neptune in the 6th House

From 18 Dec 20

The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune travels through your 6th House you need to take care of your health, taking particular care with drugs of any description. The trouble is that your body is overly-sensitive during this time. You may even develop or discover allergies. You may also feel somewhat lethargic, overwhelmed by the demands of a busy life. A good balance of rest, exercise and a healthy diet goes a long way towards helping you cope with the stress of a busy schedule. You may also benefit from seeking advice from alternative healers, or perhaps even exploring options for working as a healer or in a spiritual field.

Neptune Square Pluto

From 18 Dec 20 To 29 Dec 20 17:45

This transit usually occurs around the age of 70 years and is a period of adjustment. It is time to come to terms with your past, in particular your dreams. You reflect on your life's achievements with the wisdom of hindsight letting go of dreams that can no longer be fulfilled. You may hold on to a few personal desires which can still be attained; however, it is likely that you change your focus to a more spiritual path. It is possible that you could feel disillusioned during this transit. You would do better to focus on to the positive memories and the goals that have been achieved rather than dwell on painful memories.

Pluto in the 4th House

From 18 Dec 20

Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true
natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Caf? Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." Currently you may feel that the foundations of your life - family and home - are changing and it is difficult to find a firm foothold. In effect the foundations of your life, which you believed to be sure, are cracking. This can be exciting if you enjoy the challenge of change, but most often it is a time which leaves you feeling vulnerable. The areas most affected by this transit are your home and family members. It is a time of intensity and upheaval on the homefront. Family members may leave home or come to stay disrupting the comfortable routine. It is also possible that you change homes during this transit. Whatever the circumstances you are being asked to delve into your personal life with a view to changing at a deep level. You will not feel like the same person by the end of this period.

**Pluto Quincunx Chiron**

It's time to let go of memories and emotions from the past, which may still be lingering on your mind, and to face the future with the wisdom of maturity.
